

*The Intech Information Institute Presents*

# VirtualPaint® Training for DuPont Fluoropolymer Liquid Coatings

November 15, 2011

Embassy Suites  
Newark, DE

Register Today!

## Program Overview

Intech Services, in conjunction with the Iowa Waste Reduction Center at the University of Northern Iowa, is pleased to present the VirtualPaint® Training Program for DuPont Liquid Fluoropolymer Coatings. This interactive 1 day training program allows attendees to improve their spraying technique, film thickness, and transfer efficiency in a virtual spray environment, eliminating any waste associated with spray application training. Unlike conventional spray training courses, this hands on program will allow attendees far greater opportunities to work on their application technique with almost limitless part geometries to coat.

## What is Virtual Paint®?

VirtualPaint® was developed by the Iowa Waste Reduction Center at the University of Northern Iowa in an effort to reduce waste and save time and resources associated with paint spray training. The VirtualPaint® Training system for coatings applicators is part video game, and part hands-on paint clinic where real paint application situations, including the handling of actual painting equipment, is simulated. This system mimics the application of coatings to a virtual surface, providing real time spray efficiency and film thickness results; something that is difficult to track or even calculate in traditional spray training environments. Trainees will have far greater opportunities to improve their spray technique on almost limitless part geometries without the added cost and time implications associated with traditional training.

## Learn the Latest...

- DuPont Fluoropolymer coating product technologies & capabilities
- Spray techniques with real time results
- Methods to improve transfer efficiency and limit part rework

## You Should Attend if You Are:

- A new liquid spray applicator
- An experienced liquid spray applicator
- A shop manager or supervisor
- Interested in developing or expanding liquid fluoropolymer coating business

## Workshop Registration

Participation in this intensive one day workshop has a registration fee of \$599 per attendee. The registration fee also includes:

- Monday evening cocktail reception
- Tuesday lunch and snacks
- Course handbook
- Certificate of course completion

## About the Instructors

Workshop instructors are representatives of Intech Services & Iowa Waste Reduction Center and are experts in the area of DuPont fluoropolymer coating technology and application.

The workshop will feature an interactive virtual spray application program allowing attendees far greater hands on spray application time than conventional spray application courses. Attendees will be able to see real time spray application results, learn new techniques and apply those techniques all within a one day course.

## About I<sup>3</sup>

The Intech Information Institute, or I<sup>3</sup>, was created in 2009 to provide formal training and instruction on a wide variety of fluoropolymer coating related topics. The workshop style format is intended to encourage an open exchange of ideas and information to ultimately allow for improved business practices and growth.

## Convenient Location

The workshop session is being held at the Embassy Suites in Newark, Delaware, located within 45 minutes of Philadelphia International Airport (PHL) and Baltimore Washington International Airport (BWI).

## Area Hotel Information

### **Sleep Inn**

630 S College Ave

Newark DE 19713

0.1 miles from Embassy Suites (walking distance)

(302) 453-1700

\$69/night

### **Courtyard by Marriott**

400 David Hollowell Drive

Newark DE 19716

2.5 miles from Embassy Suites

(302) 737-0900

\$149/night

## Airport Information & Directions

Newark, Delaware is conveniently located within 45 minutes of Philadelphia and Baltimore.

*From Philadelphia International Airport (PHL) and points north,*

Take I-95 South to Exit 1B (Route 896 North). Take Route 896 North towards Newark through 3 traffic lights. At the fourth traffic light make a U-turn. After U-turn, hotel will be on the right side of road.

*From Baltimore Washington Airport (BWI) and points south,*

Take I-95 North to Exit 1B (Route 896 North). Take Route 896 North towards Newark through 3 traffic lights. At the fourth traffic light make a U-turn. After U-turn, hotel will be on the right side of road.

## **Course Outline - VirtualPaint® Training for DuPont Liquid Fluoropolymer Coatings**

**8:00 – 8:30 – Introduction / Opening**

**8:30 – 9:15 – VirtualPaint® Pretest**

**9:15 – 10:15 – Application Technique Presentation**

**10:15 - 10:30 - Break**

**10:30 – 12:00 – Team Breakout Sessions – VirtualPaint® Practice / Presentation**

	<u>Team 1</u>	<u>Team 2</u>	<u>Team 3</u>
10:30 – 11:00	Practice	Practice	Presentation #1
11:00 – 11:30	Practice	Presentation #1	Practice
11:30 – 12:00	Presentation #1	Practice	Practice

**12:00 – 1:00 – Lunch & Learn - Presentation #2**

**1:00 – 2:30 - Team Breakout Sessions – VirtualPaint® Practice / Presentation**

	<u>Team 1</u>	<u>Team 2</u>	<u>Team 3</u>
10:30 – 11:00	Practice	Practice	Presentation #3
11:00 – 11:30	Practice	Presentation #3	Practice
11:30 – 12:00	Presentation #3	Practice	Practice

**2:30 – 3:30 – VirtualPaint® Final Exam**

**3:30 – 4:30 – Presentations #'s 4 & 5**

**4:30 – 5:00 – Results / Wrap up**

### **Presentation Overview**

**Presentation #1 (30 min) - Getting Started (storage, rolling, strain, surface prep)**

**Presentation #2 (45 min) - Teflon® Product Overview**

**Presentation #3 (30 min) – Troubleshooting**

**Presentation #4 (30 min) - Quality Assurance & Testing**

**Presentation #5 (30 min) - CoaterONE**

## I<sup>3</sup> Workshop Registration Form
